

Use this sheet as a general starting point for your budget. This can give you both an overall idea and a fun place to start if you are going to try and source some of your materials yourself or with the help of your contractor (they can often obtain appliances or material at wholesale or special discounts).

## Kitchen Remodel Budget Worksheet\*

Material	Economy	Standard	Custom
<b>Cabinets</b>			
Stock Cabinetry	\$4,200	\$6,000	N/A
